One of President John Tyler's grandsons is still alive today - and he was born in 1790. How is this possible? President Tyler, the 10th US president, was 63 when his son Lyon Tyler was born in 1853; Lyon's son was born when he was 75. President Tyler's living grandson, Harrison Tyler is 92. Lyon's other son [Lyon Jr. passed away in 2020](#) at the age of 95. The Tyler [family](#) still maintains the President's home, Sherwood
