- You can request written information about any services you are provided by the facility and the costs of those services.
- You have to be informed by the facility at least 30 days before any change in the costs or availability of any services.
- The facility needs to assist you in filing for additional sources of payment for which you may be eligible.
- You cannot be asked to pay more for your services or room (unless you are in a private room) if you are paying out-of-pocket for your care, than a resident whose bill is being paid for by Medical Assistance.
- You have the right to appeal/formally challenge any changes in your resident classification (based on assessment) that affect the cost of care.
